Sir:

Supplementing the Amendment filed September 11, 2002, please
amend this application as follows:

IN THE SPECIFICATION:

Please amend the specification as follows:

Please amend the specification as follows:

Paragraph beginning at page 5, line 22 has been amended as follows:

Figure 1 shows a preferred embodiment of a radio handset, according to the present invention. The handset, which is generally designated by 1, comprises a user interface having a keypad 2, a display 3, an on/off button 4, a speaker 5, and a microphone 6. The handset 1 according to the preferred embodiment is adapted for communication via a wireless telecommunication network, e.g. a cellular network. However, the handset could also have been designed for the cordless network. The keypad 2 has a first group 7 of keys,
